

THE RADIANT PANEL COMPANY – OVER 23 YEARS OF INDUSTRY EXPERIENCE

Founded in 2000, WBI has been manufacturing a variety of radiant heating solutions including Ecowarm RadiantBoard, Thermalboard, and InsulHeat. Our patented radiant panel systems provide excellent performance and efficiency.

Installation is fast and easy with our patent by number CAD layout designs – saving time, labor and money. We provide the broadest offering of radiant panel solutions in the industry. We have additional patents and patents pending.
